6:30 PM Community-Staff Forum

The Board will hold a Community-Staff Forum to review the preliminary outcomes of our Long Range Planning process, reinforcing those Values and Beliefs that we feel should serve to guide our budget development and program prioritizing work.

During the Forum, we will share information specific to projected program revenue deficits, as we know them to date.

The Community-Staff Forum will surface feedback from those in attendance specific to preliminary implications for three levels of across the board reductions to program (4%, 5%, and 6%). The School Board has directed that equal levels of reduction be taken into consideration for every area of the program, so that they can make the most informed decisions possible with respect to future funding priorities.
